**ORDER**

Adopted: October 10, 1995

Released: October 12, 1995

By the Chief, Cable Services Bureau

Responses Due: November 13, 1995

1. On October 5, 1992, Congress enacted the Cable Television Consumer Protection and Competition Act of 1992 ("1992 Cable Act").<sup>1</sup> Section 623(k) of the Communications Act of 1934, as amended, requires the Commission to publish annually statistical reports on the average rates for basic cable service, cable programming service, and equipment for systems that are subject to effective competition and for systems not subject to effective competition.<sup>2</sup>

2. In Section 623(k) of the Communications Act, Congress directed the Commission to prepare annual statistical reports on average prices "for basic cable service and other programming, and for converter boxes, remote control units, and other equipment" of systems subject to competition and systems not subject to competition. Under this provision,

the report must compare rates of competitive systems with rates of noncompetitive systems.<sup>3</sup> This information will be used to monitor cable prices and determine whether Congress's goal that the rates charged for basic and cable programming services by cable systems not subject to effective competition are reasonable compared to the rates charged by systems subject to effective competition.<sup>4</sup>

3. To implement the requirements of Section 623(k), the Commission is directing certain cable operators to respond to a price survey questionnaire designed to solicit information concerning rates for basic and cable programming services, and equipment used to receive such services. A copy of this form is attached to this Order as Appendix A.

4. We are mindful of the need to limit administrative burdens associated with this price survey. We anticipate that the burdens faced by responding operators should be quite limited as the information requested is the type of data that should be readily available to operators without additional calculation.

5. The survey form asks whether the community unit is subject to effective competition and includes questions about its status with respect to the regulation of rates. Respondents must provide their rates for installation, specified types of equipment and disconnect/reconnect and tier change fees. The questionnaire also seeks information regarding the monthly charge for basic and any other programming service tiers, the number of subscribers to each tier and the services included in each of these tiers. The survey requests that cable operators provide these data for August 31, 1993, July 14, 1994, and January 1, 1995. August 31, 1993, data will provide information regarding rates prior to the effective date of the initial rate regulation rules and procedures. July 14, 1994, is chosen because it is after the revised benchmark rules became effective and at the end of the refund deferral period. The January 1, 1995, data will give us information about prices at the beginning of the most recent annual period.

6. This survey form will be sent to a sample of cable community units to obtain the necessary information on a franchise basis. To effectuate comparisons between competitive and noncompetitive systems, the data will be collected from a target group of

cable communities facing effective competition and a randomly selected group of cable community units not subject to effective competition. The target group will consist of those franchise areas that the Commission has identified as subject to effective competition. They include the 244 franchise areas included in the final benchmark regression sample supplemented by those communities that we have determined to be subject to effective competition in recent decisions. We will use a random sample based on system size of approximately 700 franchise areas for our data on systems not subject to effective competition.

7. The systems selected in our sampling of community units must complete and return the questionnaire by November 13, 1995 in accordance with the associated instructions.

8. We do not anticipate that the information requested in the questionnaire will be competitively sensitive. Respondents shall file an original and three copies of the questionnaire with the Cable Services Bureau, Attn. Price Survey, Federal Communications Commission, 1919 M Street, N.W., Washington, D.C., 20554.

9. Accordingly, IT IS ORDERED, pursuant to Section 3 of the 1992 Cable Act (Section 623(k) of the Communications Act of 1934, 47 U.S.C. Section 543(k)), and Section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. Section 154(i), that cable systems subject to the price survey requirements described herein shall complete and return the questionnaire set forth in the attached Appendix A by November 13, 1995.

## INSTRUCTIONS FOR FCC ANNUAL SURVEY OF CABLE INDUSTRY PRICES

### General Information

The 1992 Cable Act requires the Commission to publish an annual statistical report on average rates for basic cable service, cable programming service and equipment. The report must compare the prices charged by cable systems subject to effective competition and those that are not subject to effective competition. This survey is intended to collect the data needed to prepare this report. The information will be used to monitor cable prices and determine whether Congress's goal that the rates charged for basic and cable programming services by cable systems not subject to effective competition are reasonable compared to the rates of those systems subject to effective competition is being met.

The survey form has been sent to selected community units to obtain the necessary information on a franchise basis. The questionnaire asks whether the franchise area is subject to effective competition and includes questions about its status with respect to the regulation of rates. Information is requested regarding the cable system's rates for installation, specified types of equipment and disconnect/reconnect and tier change fees. The questionnaire also seeks information regarding the monthly charge for basic cable service and cable programming service (CPS) tiers, the number of subscribers to each tier, the number of channels offered on the tier and the services included on each of these tiers. The survey requests that cable operators provide these data for August 31, 1993, July 14, 1994, and January 1, 1995. August 31, 1993 data will provide information regarding rates prior to the effective date of the initial rate regulation rules and procedures. July 14, 1994 is chosen because it is after the revised benchmark rules became effective and at the end of the refund deferral period. The January 1, 1995 data will give us recent information regarding cable prices. For future annual statistical reports, we will survey cable systems for current data only.

**Responding Official:** This survey should be completed by a company official familiar with the services offered by the cable system and the rates charged.

**Instructions:** Please complete the attached questionnaire.

**When and Where to File:** An original and two (2) copies of the questionnaire shall be filed no later than 30 days from the date of mailing with the Cable Services Bureau, Attn. Price Survey, Federal Communications Commission, 1919 M Street, N.W., Washington, D.C. 20554.

**Confidentiality:** All data submitted in response to this survey will be considered part of the public record and will be provided upon request to interested parties. Requests for confidentiality will be considered on a case-by-case basis.

### If You Need Help

If you have any questions while completing this Form, please call the FCC's Cable Services Bureau Regional Help Lines Monday through Friday, 9:00 a.m. to 5:30 p.m. Eastern Standard Time for assistance:

**General Instructions:** Sections A-I of this questionnaire request information for the franchise area that includes the community unit to which this survey is addressed and whose community code or identification number (CUID) is identified on the address label. Section J asks for information used to calculate benchmark rates. Some of the questions pertain to the multiple system operator (MSO) that owns this system, if applicable, and the cable system to which the franchise area belongs.

Line Instructions:

**SECTION A: OPERATOR INFORMATION**

Lines A1-A5: Enter the specified identification information for your cable system.

Line A6: Enter the name of the franchise area associated with the CUID on the address label.

**SECTION B: COMMUNITY UNIT IDENTIFICATION**

Line B1 : Enter the CUID for this cable system identified on the address label. There is no need to enter any other CUIDs that are part of this franchise area.

Line B2: Enter the best readily available estimate of the number of homes passed by the cable system in this franchise area. Include all homes in the franchise area and not just those in the specified community unit if the franchise area includes more than one community unit.

**SECTION C: CERTIFICATION**

Lines C1-C5: Enter the specified identification information for the person completing this questionnaire. The Commission may address follow-up questions for clarification to this contact officer. The contact officer should keep a copy of the completed questionnaire in a convenient location.

**SECTION D: EFFECTIVE COMPETITION IN THE FRANCHISE AREA**

In this section, questions D1-D12, please respond "1" for yes, "2" for no.

Lines D1-D3: On these lines, to the best of your ability, indicate whether fewer than 30% of the households in your franchise area subscribed to cable on August 31, 1993, July 14, 1994, and January 1, 1995, respectively.

Lines D4-D6: On these lines, to the best of your ability, indicate whether any other multichannel video programming distributor offered similar service to at least 50% of the households in the franchise area on August 31, 1993, July 14, 1994 and January 1, 1995, respectively.

Lines D7-D9: On these lines, to the best of your ability, indicate whether more than 15% of the households in the franchise area received service from other than the largest distributor on August 31, 1993, July 14, 1994, and January 1, 1995, respectively.

Lines D10-D12: On these lines, to the best of your ability, indicate whether the franchise authority offered video programming service to at least 50% of the households in your franchise area on August 31, 1993, July 14, 1994, and January 1, 1995, respectively.

## SECTION E: REGULATORY STATUS

Under the 1992 Cable Act, basic cable service and cable programming service are subject to regulation in the absence of effective competition.

**Basic cable service** is the package of channels (or "tier") that includes signals from local television stations (such as ABC, CBS, NBC affiliates, independent stations and noncommercial stations) and public, educational and governmental (PEG) channels.

**Cable programming service (CPS)** is any tier or package of program channels, other than basic service and programming separately offered as pay-per-channel programming or pay-per-program services.

Line E1: To the best of your ability, indicate "1" for yes or "2" for no, whether the franchise area's basic cable service was regulated on August 31, 1993.

Line E2: To the best of your ability, indicate "1" for yes or "2" for no, whether the franchise area's CPS was regulated on August 31, 1993.

If the answer to either E1 or E2 is yes, you must continue with line E3. If the answers to both E1 and E2 are no, skip to line E6.

Line E3: Indicate the methodology, "1" for benchmark, "2" for cost of service, that was used to set this franchise area's rates.

Line E4: If the benchmark was used, was this franchise area entitled to transition relief. Small operators and low price systems, as defined below, are eligible for transition relief. Respond "1" for yes or "2" for no. If your response is no, skip to line E6.

**Small operators** are defined as operators serving 15,000 or fewer subscribers and not affiliated with a larger operator.

**Low price systems** are defined as systems (1) whose March 31, 1994, rates are below the benchmark rate or (2) whose March 31, 1994, full reduction rates are below their March 31, 1994, benchmark rate as determined under FCC Form 1200.

Line E5: If this franchise area was entitled to transition relief, indicate the basis of this relief. Enter "1" for small operator, "2" for low price system.

Lines E6-E10: On these lines, enter the information for July 14, 1994, that is comparable to that requested in lines E1-E5 above.

Lines E11-E15: On these lines, enter the information for January 1, 1995, that is comparable to that requested in lines E1-E5 above.

## **SECTION F: CABLE EQUIPMENT RATES AND FEES**

Section F includes two columns. In column I, enter the number of subscribers as defined in the specific line instructions. In column II, enter the monthly charge or appropriate fee, as defined in the specific line instructions.

Lines F1-F3: These lines request information concerning non-addressable converters on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of subscriber units provided on that date. If you provide a subscribing household with two such converters, then that subscribing household should count as two subscriber units for this purpose. In column II, indicate the monthly charge for each non-addressable converter at the indicated date.

Lines F4-F6: These lines request information for addressable converters on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of subscriber units provided on that date. If you provide a subscribing household with two such converters, then that subscribing household should count as two subscriber units for this purpose. In column II, indicate the monthly charge for each addressable converter at the indicated date.

Lines F7-F9: These lines request information for pre-wired installation for one outlet in a single family residence on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of pre-wired installations done during a one-year period ending on the specified date. In column II, indicate the charge for pre-wired installation.

Lines F10-F12: These lines request information for un-wired installation for one outlet in a single family residence on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of un-wired installations done during a one-year period ending on the specified date. In column II, indicate the charge for un-wired installation at the indicated date.

Lines F13-F15: These lines request information for one additional outlet installation done at the time of initial installation on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of additional outlet installations done during a one-year period ending on the specified date. In column II, indicate the charge for one additional outlet installation at the indicated date.

Lines F16-F18: These lines request information for one additional outlet installation requiring a separate installation on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of additional outlet installations done during a one-year period ending on the specified date. In column II, indicate the charge for one additional outlet installation at the indicated date.

Lines F19-F21: These lines request information for remote control devices on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of subscriber units provided on that date. If you provide a

subscribing household with two remote controls, then that subscribing household should count as two subscriber units for this purpose. In column II, indicate the monthly charge for each remote control at the indicated date.

Lines F22-F24: These lines request information on any fees charged for disconnecting from the system or reconnecting to the system on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of subscribers that disconnected or reconnected during a one-year period ending on the specified date. In column II, indicate the fee charged for disconnecting from the system or reconnecting to the system at the indicated date.

Lines F25-F27: These lines request information for a change in service level (for regulated services only) on August 31, 1993, July 14, 1994, and January 1, 1995, respectively, on the specified lines. In column I, indicate the number of subscribers that changed their level of service in a one-year period ending on the specified date. In column II, indicate the fee charged for a change in service level at the indicated date.

#### **SECTION G: AUGUST 31, 1993, CABLE PROGRAMMING SERVICE RATES**

This section requests August 31, 1993, information for each regulated tier. The requested information includes the monthly charge for the tier, the number of subscribers to the tier, the number of channels offered on the tier and the channel line-up. Basic cable service and cable programming service (CPS) tiers are subject to regulation. They are defined as:

The **basic tier** is the lowest level of cable service you offer, and is the package of channels (or "tier") that includes signals from local television stations (such as ABC, CBS, NBC affiliates, independent stations and noncommercial stations) and public, educational and governmental (PEG) channels.

The other regulated tiers are the **cable programming service tiers** that include all program channels offered in your cable franchise area that are not included in basic service and are not separately offered as pay-per-channel programming or pay-per-program services. For the purpose of this form, cable programming services do not include new product tiers (NPTs). An NPT is a type of CPS package of channels that generally was not offered by the cable system prior to October 1, 1994. To be considered an NPT, a CPS tier must meet the conditions set forth in Section 76.987 of the Commission's rules, 47 C.F.R. § 76.987. An NPT is not subject to rate regulation rules.

Line G1: For each regulated tier of service, enter the monthly programming service charge on August 31, 1993. If your cable system offered more than a basic and four CPS tiers, append additional sheets, as needed to provide this information. The charges should be the rates generally available to residential households.

Line G2: For each regulated tier of service, enter the number of subscribers to the tier on August 31, 1993. This number should include subscribers taking the service at the generally available rate and subscribers receiving bulk discounts or senior citizen discounts.

Line G3: Enter the number of channels offered on each regulated service tier on August 31, 1993.

Lines G4: Enter the individual programming services included on each tier on August 31, 1993. Attached is a list of current cable and broadcast programming services, along with corresponding service codes. For each tier of service, indicate the programming services offered using these codes. If channels are shared by more than one programming service, list each service and indicate that the service is carried on a shared basis by placing an asterisk (\*) next to the code. For purpose of this survey, superstations (e.g., WTBS, WGN, WWOR) should **not** be considered broadcast television stations, unless they are local and entitled to must-carry status in this franchise area. Codes for these stations, when carried as superstations, are listed under the National Video Services category on the attached list.

#### **SECTION H: JULY 14, 1994, CABLE PROGRAMMING SERVICE RATES**

Section H requests July 14, 1994, information comparable to the data described in Section G. To complete Section H follow the instructions provided for Section G, substituting the July 14, 1994, date where August 31, 1993, is specified.

#### **SECTION I: JANUARY 1, 1995, CABLE PROGRAMMING SERVICE RATES**

Section I requests January 1, 1995, information comparable to the data described in Section G. To complete Section I follow the instructions provided for Section G, substituting the January 1, 1995, date where August 31, 1993, is specified.

#### **SECTION J: BENCHMARK FACTORS**

Line J1: Indicate whether your cable system is owned by a multiple system operator (MSO). Respond "1" for yes or "2" for no. If your answer is no, skip to line J3.

Line J2: Enter the total number of cable systems served by your MSO.

Line J3: Enter the number of subscribers to the cable system that includes the franchise area for which you provided data in Sections A-I.

Line J4: Enter the total amount of franchise fees paid (in dollars) for the franchise area in 1994.

## FCC NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT AND THE PAPERWORK REDUCTION ACT

The solicitation of personal information in this form is authorized by the Communications Act of 1934, as amended. The Commission will use the information provided in this form to compare the prices charged for basic cable service, cable programming services and equipment by cable systems subject to effective competition with those not subject to effective competition. All information provided in this form will be available for public inspection. Your response is required in order for the Commission to prepare an annual survey of cable industry prices for Congress that is required under Section 623 (k) of the Communications Act of 1934, as amended.

Public reporting burden for this information is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Federal Communications Commission, Records Management Branch, Paperwork Reduction Project (3060-0647), Washington, D.C. 20554. Do not send completed forms to this address.

THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1975, 5 U.S.C. 522a(e)(3) AND THE PAPERWORK REDUCTION ACT OF 1980, P.L. 96-511, DECEMBER 11, 1980, 44 U.S.C. 3507.

**D. EFFECTIVE COMPETITION IN THE FRANCHISE AREA**

Please indicate to the best of your ability whether the franchise area has met the following criteria. Enter "1" for yes, "2" for no:

- D1 Did fewer than 30% of the households subscribe to any cable services on 8/31/93?
- D2 Did fewer than 30% of the households subscribe to any cable services on 7/14/94?
- D3 Did fewer than 30% of the households subscribe to any cable services on 1/1/95?
- D4 Did any other multichannel video programming distributor offer similar service to at least 50% of households on 8/31/93?
- D5 Did any other multichannel video programming distributor offer similar service to at least 50% of households on 7/14/94?
- D6 Did any other multichannel video programming distributor offer similar service to at least 50% of households on 1/1/95?
- D7 Did more than 15% of households receive service from other than the largest distributor 8/31/93?
- D8 Did more than 15% of households receive service from other than the largest distributor on 7/14/94?
- D9 Did more than 15% of households receive service from other than the largest distributor on 1/1/95?
- D10 Did the franchising authority offer video programming service to at least 50% of households on 8/31/93?
- D11 Did the franchising authority offer video programming service to at least 50% of households on 7/14/94?
- D12 Did the franchising authority offer video programming service to at least 50% of households on 1/1/95?

**E. REGULATORY STATUS**

E1 Was this franchise area's basic service regulated on 8/31/93? ("1" for yes, "2" for no)

E2 Was this franchise area's cable programming service ("CPS") service regulated on 8/31/93?  
("1" for yes, "2" for no)

If the answer to either E1 or E2 is yes, then continue with question E3. If the answer is no, skip to question E6.
